

Be more physically active

Physical Education

Intent	Implementation	Impact
<p>At Seascape Primary School we provide a high quality physical education which exceeds the expectations of the national curriculum: Our pupils:</p> <ul style="list-style-type: none"> • Develop enjoyment through physical activity. • Create the stimulation and interest to encourage lifelong participation in sport • Develop an increasing ability to select, link and apply skills, tactics and compositional ideas (selecting and applying) • Develop knowledge of different cultures and recognise how sport can transcend cultural boundaries. • Provide and encourage the children to participate in extra curricular school activities and other sporting links with the local community. 	<p><i>SEE</i></p> <ul style="list-style-type: none"> • <i>Physical education skills progression</i> • <i>Vocabulary progression physical education</i> • <i>Physical education overview</i> <p>Physical education in the Early Years At this stage young children develop and grow rapidly. They need to develop confidence and control of the way they move and the way they handle tools and equipment. Activities are planned to offer appropriate physical challenge and there is time everyday for children to use a range of equipment, both indoors and out. Physical education in Key Stage During key stage 1 children will have opportunities to develop their skills across a range of disciplines: team games, competitive activities, cooperative activities and dance.</p> <p>Physical education in Key Stage 2 In addition key stage 2 children will do: competitive striking and fielding, invasion games, net and wall games, dance, outdoor and adventure and swimming. At Seascape Primary we also teach athletics and gymnastics to support flexibility, strength, balance and control as fundamental movement skills.</p>	<p>Due to the rich curriculum we offer in physical education we expect to see improvements across:</p> <ul style="list-style-type: none"> • The engagement of pupils in physical education lessons • The profile of physical education being raised in school • Increased knowledge and skills of children year on year • A broader experience of different types of sport • An increased participation in lessons and activities with a physically active element
